For the purposes of this Agreement, the masculine shall be considered to include the feminine and the singular to include the plural.

ARTICLE 3: EXTENT

3.01 Application:

This Agreement shall apply to all employees of the Employer engaged in the classifications listed in Schedule "A" hereof, on all work in the Province of British Columbia and the Yukon Territory, other than work covered by the Mainline Pipeline Agreement of the Pipe Line Contractors Association of Canada, and shall be binding on the Employer and the Union, and their respective successors and assigns.

It is understood that any Employer signatory to this Agreement shall when doing work covered by the Mainline Pipeline Agreement, be bound to that Agreement along with the signatory Union.

Notwithstanding the foregoing, on that work covered by the agreement between the Union and the Construction Labour Relations Association of British Columbia for Structural Steel Erection or work covered by the Road Building Industry Standard Agreement or the Hydraulic Dredging Agreement or the Standard Piledriving, Dipper, Clamshell Dredging Agreement, such work shall be performed under the conditions set out in the aforementioned agreements.

3.02 Sub Contractors:

The terms of this Agreement shall apply to all Sub-Contractors or sub-contracts let by the Employer. The Employer agrees to engage only those Sub-Contractors having an agreement with the signatory Union, prior to commencing work.

The Employer signatory to this Agreement shall be responsible for enforcing the wages and conditions of this Agreement on the Sub-Contractor.

3.03 Owner-Operators:

- (a) The expression "Owner-Operator" as used herein, shall mean any person who performs work within the jurisdiction of the Union for pay, remuneration, compensation or reward of any kind, except:

- (iv) The total such deductions made by the Employer in each month shall be remitted to the Union by the Employer not later than the fifteenth (15th) day of the following month and each such remittance shall be accompanied by an Operating Engineers' Benefits Plan form properly completed by the Employer. Such Benefits Plan form shall be provided for the Employer by the Union.

4.01 Hourly Wage Rates:

The Employer shall pay wages to every employee covered by this Agreement at the rates set forth in Schedule "A" hereunto annexed in respect of the various classifications therein contained. Schedule "A" shall be deemed to be contained in and form a part of this Agreement.

The Employer will make contributions for Benefits Plan and Pension Plan in such amounts and under such conditions as are set forth in the Schedule forming part of this Agreement.

4.03 Vacation and General Holidays:

Vacation and General Holiday pay shall be accrued at the rate of twelve percent (12%) of gross earnings (six percent [6%] for annual vacation and six percent [6%] for General Holidays) and shall be paid to the employee on each regular pay day.

Each employee is entitled to a minimum vacation period of three (3) weeks each year. The vacation period will be arranged by mutual agreement between the employees and the Employer.

Payment of wages will be made during working hours. Where a payroll is not met within the prescribed time, unless proper reasons for the delay are forthcoming, it shall not be considered a violation of this Agreement for the employees to cease work until payment of wages or other arrangements are made.

As and when types of equipment or work methods are introduced which are not included in the list of classifications contained in the attached Schedule, the Employers' authorized representative shall promptly negotiate with the Union a wage rate for such equipment or work method.

Every effort will be made to conclude negotiations within thirty (30) days but in any event, the rate established shall be retroactive to the day notice in writing is given by either party to commence negotiations.

In the event of disagreement, the question of a rate to be paid shall be referred to Arbitration per the provisions of Article 15.

7.05 Record of Employment

If requested, the Employer shall provide a termination slip to the employee upon termination, which shall state the reason for the employee's termination, and whether or not he is eligible for rehire. A copy of the termination slip shall be supplied within three (3) calendar days upon request of the Union.

7.06 Termination Notice

One (1) hour's notice of termination will be given to each employee by the Employer or one (1) hour's pay in lieu thereof. Heavy duty mechanics and apprentice mechanics may utilize this hour to gather together their tools and put them in shape for their next job.

On out-of-town projects of over fifty (50) calendar days' duration, the Employer shall provide leave every forty (40) calendar days.

Periodic leave shall be provided on a "use it or lose it" basis.

Mileage shall be calculated from the project to the point of dispatch or employee's domicile. It is understood that the above amount will be paid only once for each turnaround.

The extent of the leave shall be for a minimum of five (5) days to a maximum of one (1) week, or a number of days mutually agreed between the employee and the Employer's representative. The timing of the leave shall also be decided by mutual agreement. In no event will an employee receive leave unless he actually returns to his place of departure. Living out allowances shall not be paid during leave periods.

The phrase "Out of Town Projects" contained within the various periodic leave or turnaround Articles shall be defined as projects that are accessible by air or boat only (excluding ferries) or are two hundred (200) miles or four (4) hour travel, including ferry travel, to the transportation terminal nearest the employee's domicile. Employees residing within these limits shall be entitled to a mutually agreed leave of absence at no cost to the Employer of five (5) or seven (7) days to be arranged between the employee and the Employer subject to the same qualifiers provided in the periodic or turnaround Articles.

There shall be no cash payment in lieu of periodic leave unless mutually agreed between the Union and the Employer.

The interpretation of periodic or turnaround Articles as noted above shall not be used to interpret any other Article or Articles contained within the various Building Trades Collective Agreements.

7.08 When an indentured apprentice is required to fulfill the annual schooling portion of the Apprenticeship Program he shall receive fare as per Article 7 - Transportation.

7.09 Local Transportation:

(a) Cities, Towns or Villages:

On all jobs situated within eight (8) road kilometers of the centre of any city, town or village in which an employee is a local resident, such employee will travel daily to and from such jobs at no cost to the Employer. A local resident shall be defined as in Article 12.01(b).

On jobs situated beyond eight (8) road kilometers from such centres, such employees will receive thirty-seven and one-half cents (\$0.375) per road km. each way as a daily travel allowance up to a distance of thirty-two (32) road km., or a total of forty road (40) km. from such centre.

All additional mileage to jobs beyond forty (40) road km. from such centre, will be paid at a rate of forty-four cents (44¢) per road km. each way for such additional mileage to reimburse the employee for daily travel allowance and travelling time.

When more than one city, town or village is located within fifty (50) road kilometers of the job site, the distance shall be travelled at no cost to the Employer, but the allowance will be calculated from the city, town or village in or nearest to which the employee is residing. (Note: This does not apply to the metropolitan areas of Vancouver - New Westminster or Victoria.)

As an alternative to the foregoing, the Employer may provide transportation in approved passenger carrying vehicles which conform to public transit standards with full insurance coverage, and operated in compliance with Workers' Compensation Board regulations, it being understood that in such an event a marshalling point or points will be established at a place or places agreed to by the Union, (prior to commencement of the project) within the eight (8) road km. distance, and that the time spent in travelling to and from such marshalling point or points to the jobsite will be done during regular hours, and while the employee is on the payroll.

As a further alternative the Union and the Employer may meet and agree upon a standard daily allowance to cover those travelling daily under the provisions specified above.

(b) Camps/Employer Provided Accommodation:

(i) On camp jobs, no walking time shall be paid up to 2,500 feet from the work site. Beyond 2,500 feet up to thirty (30) minutes travel each way, the

administrative expenses as determined by the Trustees of the said Plan, and approved by the Trustees of the recipient Funds.

28.02 Timely payment of wages and contributions to the Trust Funds, provided for in this Agreement is essential for the protection of the beneficiaries. Delinquency and continued failure to pay wages and/or remit contributions to the Trust Funds shall be dealt with as follows:

- (a) The Union will advise the Employer in writing of any delinquency.
- (b) If within forty-eight (48) hours of receipt of notification, exclusive of Saturday, Sunday and holidays, the Employer has failed to pay delinquent contributions or the Employer or his Construction Labour Relations Association representative has failed to request a meeting with the Union to provide for the payment of delinquent contributions then the Employer agrees that all contributions/deductions due and payable in accordance with this Agreement, are in arrears and subject to an additional charge at the rate of ten percent (10%) on all contributions/deductions in arrears.

This is not to be construed that the above charges relieve the Employer of any further liabilities which may occur because of his failure to report and pay contributions/deductions as provided.

- (c) Should the matter not be resolved at the above-mentioned meeting the Union may demand payment of wages and contributions at the end of each day or at the end of each week, or upon twenty-four (24) hours' notice to the Employer, withdraw its members from the Employer without contravening the terms of this Agreement.

ARTICLE 29: COLLECTIVE AGREEMENT IMPLEMENTATION

It is agreed and understood that all monetary and contractual changes are effective July 24, 2005 and shall be paid in full within thirty (30) days of notice from the Union.

This shall apply to all past and present employees.

All past employees shall have their retroactive cheques mailed to them, or if returned undelivered, to the Burnaby office of the Union for distribution. Unclaimed cheques shall be returned by the Union to the Employer ninety (90) days thereafter.

ARTICLE 30: TECHNOLOGICAL CHANGE

It is understood and agreed that during the first six (6) months of this Agreement the parties will meet and in accordance with Section 54 of the Labour Relations Code of British Columbia negotiate a Article on Technological Change to become part of this Agreement.

ARTICLE 31: COMPETITIVE CONSIDERATION ARTICLE

The Union and Association Members may jointly agree to terms and conditions other than those contained in this Agreement in an effort to assure that certain projects or types of construction in designated areas, or for specific time periods, are maintained for the Unionized sector.

In the event that on commercial, institutional and residential, amendments to the collective agreements are necessary to achieve the objective of securing work for both the Contractor and membership, we are prepared to participate in the process subject to direct input and consultation.

The parties agree that there will be no reduction or elimination of any joint industry funds negotiated between Bargaining Council of British Columbia Building Trades Unions and the CLR without prior written consent of the parties.

ARTICLE 32: JOINT LABOUR-MANAGEMENT COMMITTEE

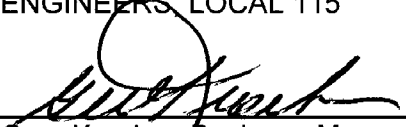

Joint Labour-Management Committee: - There shall be established during the life of this Agreement, a Joint Labour-Management Committee composed of up to three (3) members representing Employers and up to three (3) members representing the Union. This Committee shall generally administer the terms of the Agreement and shall deal with such other matters referred to it by either party.

INTERNATIONAL UNION OF OPERATING ENGINEERS, LOCAL 115

RE: ALCOHOL & DRUG TESTING PROGRAM FOR CRANE COMPANIES SIGNATORY TO
THE OPERATING ENGINEERS LOCAL 115 CRANE RENTAL AGREEMENT

This policy is a result of an Arbitration Award arising from the 2000 - 2004 Heavy Construction Agreement. It is the intent of the parties to educate and recognize the potential use of drugs and alcohol in the workplace. The parties agree that safety, respect and confidentiality are fundamental to the intent of this policy. Further, the parties recognize the detrimental effect substance abuse can cause to the employers, employees and the Union membership in the workplace. This policy is intended to help, assist, provide treatment and support people who may have drug and alcohol problems and recognize that substance abuse is a disease. This policy is not intended to be used as a disciplinary treatment.

1. The program will be applicable to all employees working for crane rental companies who are signatory to the Crane Rental Agreement. Further, employees as defined in this policy shall include helper pre-apprentice, apprentice and journeyman.
2. The likelihood for success of a drug and alcohol testing program will depend on the level of education provided to the worker, supervisor, employer and union involved. It is clearly understood and agreed that education will be the driving principle in this program.
3. Pre-employment testing will take place for all initial hires that are potential employees who have not worked previously under the Crane Rental Agreement.
4. Pre-employment testing will also take place for employees who have not worked for the crane company in the last six (6) months. (Note: An employee who changes employment from one crane company to another may be required to test if a test has not been completed for that company within the previous six (6) month period.)
5. All tests will be performed by a recognized company in this field to determine the presence of alcohol or drugs in an employee. Testing shall be by urine sample only.

A test will be deemed positive if it detects:

- (i) an alcohol level that exceeds forty milligrams of alcohol in one hundred millilitres of blood or the equivalent concentration of urine.
- (ii) the drug level for the drugs set out below in excess of the concentrations set out below:

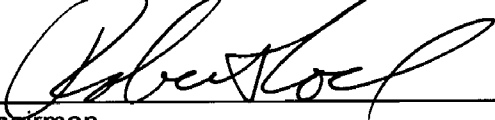

<u>Drugs or Classes of Drugs</u>	<u>Screening Concentration (in excess of ng/mL)</u>
Marijuana metabolites	50
Cocaine metabolites	300
Opiate metabolites	2000
Phencyclidine	25
Amphetamines	1000

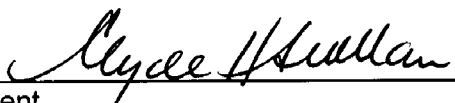

- (iii) all tests below screening concentrations will be considered negative. Concentration levels of all test results will not be released to any party(s).
6. In the event of a "near miss" or potentially dangerous incident in which the employee is directly involved, a test may be requested at the crane company's discretion. A "near miss" is defined as an incident that had the potential to cause a severe personal injury or the potential to cause significant damage.
 7. When an employee is involved in an incident causing injury or damage to property or equipment, testing will also take place at a crane company's discretion.
 8. If an employee is tested, he/she will continue to be paid while the testing takes place during his/her regular shift. If testing takes place outside his/her regular shift, two (2) hours wages and benefits will be paid to the employee. Confidentiality of test results will be maintained throughout this process.
 9. If the results of the alcohol/drug urine test are positive, there will be an assessment as to whether the employee requires counselling or more extensive treatment. An employee whose test results are positive shall be temporarily suspended from employment until an assessment is completed by a qualified rehabilitation counsellor. The assessment will determine a counselling or treatment program that will include recommendations on an employee's ability to return to work. An employee who tests positive and who undergoes treatment may be requested to submit to further testing within 90 days of returning to work with the company under the terms of the program. The company shall comply with all applicable employment laws when an employee undergoes counselling and/or treatment. The company will assist wherever possible to ensure the assessment occurs in a timely fashion.
 10. The employee who undergoes counselling and/or treatment will be reinstated once he/she produces confirmation that he/she has successfully completed the counselling and/or treatment and is ready to return to work. Employees returning to work shall comply with post treatment care recommendations provided by their rehabilitation counsellor. Failure to comply may result in further disciplinary action including suspension or termination of employment.
 11. An employee returning to work under these provisions shall return to his/her duties.
 12. Maintenance of Chain of Custody Documents for Specimen Collection Transportation and Storage: Clinical Standards: Specimen collection should either be directly supervised or safeguards should be implemented to minimize substitution or contamination. Laboratories used for urine testing analysis shall be certified and follow the guidelines issued by the Substance Abuse and Mental Health Services Administration of the United States Department of Health and Human Services which ensure custody and accuracy issues.

13. This policy shall apply to only crane rental companies and shall form part of the Crane Rental Agreement as negotiated by and between the Construction Labour Relations Association of BC and the International Union of Operating Engineers Local 115. Mr. Brian Foley has retained jurisdiction until this policy has been agreed to and put into effect. Any differences that may arise after the policy has been agreed to and put into effect may be referred to the grievance procedure or the Joint Conference Board for resolution.

Signed this 23 day of April, 2008.
