The Union recognizes where the individual Employer wishes to "name request" a former employee who is a member in good standing, and having been regularly employed within the Pile Driving and Clamshell Industry, this request will be acknowledged by the Union, provided, however, the Union is first notified of the individual Employer's intention to "name request".

9.02 Hiring

When employees, including foremen, are required only Union members having confirmation from the Union shall be hired.

Apprentices and trainees, as required, shall be hired through and in accordance with the Operating Engineers' (Local 115) Training Association as outlined in Article 13: Operating Engineers' (Local 115) Training Association of this Agreement.

The Union shall be given at least forty-eight (48) hours' notice between Monday, 8:00 a.m. and Friday, 5:00 p.m., to complete the dispatch.

When Union members are not available in British Columbia, then the Employer may obtain employees elsewhere, it being understood that employees so hired shall meet Union and tradesmen's qualifications.

Employees hired under this part shall have fourteen (14) days in which to make application for membership in the Union, or be replaced by a Union member when available.

Employees who have made application within the fourteen (14) days, but who are not accepted as a member of the Union, shall be the first to be laid off, providing there is a Union member on the project who is qualified and willing to do the job being done by the employee not yet a member of the Union.

When an employee suffers a compensable injury, they shall be entitled to re-employment with the Employer when the employee receives a clearance to return to work from their doctor or WorkSafeBC, providing the project is still in operation and there is work in the employee's classification; however, should the Employer refuse employment, the Union, at the request of the employee, may request the Employer to provide reasons for refusing to rehire.

- 9.03 Should an employee at any time cease to be a member in good standing of the Union, the Employer shall, upon notification from the Union, discharge this employee forthwith.

The Union shall have the exclusive right to determine who is a member in good standing.

- 9.04 The Union reserves the right to render assistance to other labour organizations. Refusal on the part of the Union members to work with non-union workers, or workers whose organization is not affiliated with the Building Trades Council, shall not be deemed a breach of this Agreement. The Employer involved will be given twenty-four (24) hours' notice, and there shall be no stoppage of work until such notice has expired.

- 9.05 It shall not be a violation of this Agreement or cause for dismissal for an employee to refuse to handle, receive, ship or transport any materials or equipment considered unfair by the Building Trades Council of British Columbia or to work with or to receive from any person or firms who are considered unfair by any of the Building Trades Councils.

ARTICLE 10: JOB STEWARDS

The job superintendent or foreman shall be notified by the Union of the name or names of such job stewards and, in the event of a layoff or reduction in the work force, such job stewards shall, at all times, be given preference of continued employment until completion of the work unless otherwise agreed between the parties hereto. Time shall be given to the job steward to carry out their duties.

Any employee may refuse to live in accommodations which do not meet the above standards.

- 11.02 In areas where no camps are provided, the Employer will supply to every employee covered by this Agreement free room and board.

These accommodations shall provide single room accommodations for each employee.

Where the Employer is unable to provide single room accommodation, a pre-job meeting between the Employer and the Union shall be held prior to the commencement of the project, in order to arrive at a suitable arrangement for accommodations and travelling time allowances.

It shall not be considered a violation of this agreement should employee(s) exercise any of these rights and no employee shall be discharged for refusing to work under unsafe conditions.

- (d) It is illegal to travel outside any harbour on pile driving or tug boats, and employees are subject to a fine for travelling thereon. Since a line drawn between Point Atkinson and Point Roberts is designated as the dividing line, all travel outside of that area shall be by passenger service.

12.02 Copies of the Occupational Health and Safety Committee minutes of meetings shall be forwarded to the respective Union Office upon request.

12.03 An injured employee is required to participate in the Employer's Injury Management Program. An injured employee will be rehired by his/her last Employer when he/she is deemed fit to return to work in a limited or full capacity based on the injured employee's medical doctor's recommendation with any limitations imposed by employee's doctor or WorkSafe BC.

If, during the term of this Agreement, there should arise any difference between the parties to or the persons bound by this Agreement concerning interpretation, application, operation or any alleged violation thereof, or concerning discharge of any employee which may be alleged to be unjust, and including any question as to whether any matter is arbitrable, such difference shall be resolved without stoppage of work in the following manner:
